Semi-Steel and Steel 4 Jaw Independent Chucks

Gator Semi-Steel and Steel Independent Chucks

Gator Universal Independent Chucks provide high accuracy and durability.

Quality product for the user looking for exceptional value. Gator is a NO RISK line. We guarantee your satisfaction.

40" and larger diameters are produced with cast steel.

DIN > ANSI > ISO
standards

Strong, Precise, & Reliable

For use on lathes, rotary tables, indexers and a variety of milling applications. For medium duty and production applications.

4 Jaw Independent Chucks provide great flexibility allowing the operator to work with round as well as odd shaped materials. Along with adapters, Gator provides a full complement of spare parts including soft top jaws.

Did you know?

Gator semi-steel body Independent Chucks can be used as a Direct Replacement for Bison Series 4303, 4304, 4314, 4344.

Gator provides the BEST VALUE on the planet. No other producer even comes close.
