## Precision Forged Steel Scroll Chucks

### Gator Precision Forged Steel Scroll Chucks

Precision Forged Steel Scroll Chucks provide high accuracy and durability. Forged Steel bodies and heat treating of critical areas give Gator chucks high accuracy and long life.

Gator is a NO RISK line. We guarantee your satisfaction.

DIN > ANSI > ISO  
standards

## Strong, Precise, & Reliable

For use on grinders, lathes, rotary tables, indexers, and a variety of turning and milling applications. For medium duty production applications.

Along with adapters, Gator provides a full complement of spare parts including soft solid and soft top jaws.

## Did you know?

Gator Precision Forged Steel body chucks can be used as a Direct Replacement for Bison Universal Semi-Steel Body Chucks (Bison series 3505, 3504, 3515, 3545).

Gator provides the BEST VALUE on the planet. No other producer even comes close.
