

TALON PRECISION TOOLING

CNC Bushings

- ✓ Talon offers a variety of CNC Bushings: B, C, CV, DD, J and Z styles providing a durable, flexible, and precision-gripping option for drills, boring bars, reamers and other round shank tools
- ✓ Designed for use on all NC and CNC turning machines
- ✓ All bushings are heat-treated and precision-ground
- ✓ ISO 9001/2000 Certified
- ✓ ID concentricity against the OD is 0.0004" (or better)

CV Bushings

Bolt Slot Bushings - Metric Lengths

- Designed with a long slot for direct tool clamping, allowing for positive alignment of the tool cutting edge
- Can be used with a variety of set screw configurations
- Metric lengths (see **C & L**)
